AESTHEVA ADVANCED AESTHETICS

Best Fractional Laser Treatment in Indore

Advanced skin resurfacing for smoother, clearer, and younger-looking skin — with minimal downtime and personalized care.

📍 13/2, South Tukoganj, Indore | ☎ 91+ 82230 82820

What is Fractional Laser Treatment?

Fractional Laser technology treats only a fraction of the skin at a time, creating microscopic thermal zones while leaving surrounding tissue untouched. This accelerates healing and stimulates new collagen formation for healthier, smoother skin.

→ Non-Surgical Rejuvenation

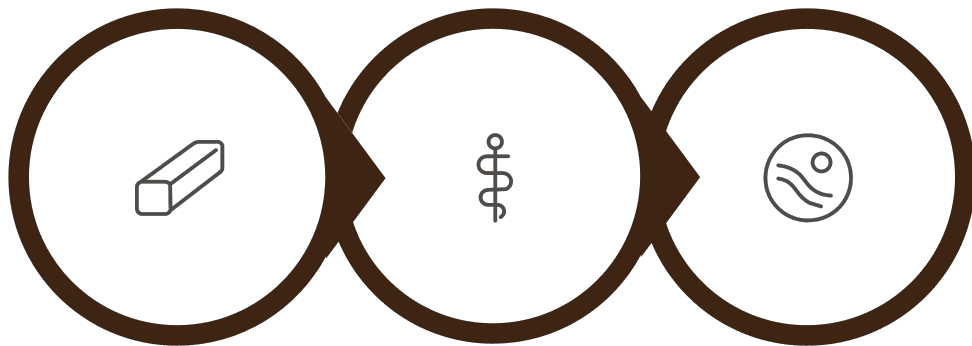

→ Collagen Stimulation

→ Faster Healing

→ Minimal Downtime

The Science Behind Skin Renewal

The laser delivers controlled energy into deeper layers of the skin, creating tiny treatment columns. Healthy surrounding tissue promotes rapid healing while new collagen and elastin improve skin quality over time.

**Laser
Delivery**

**Natural
Healing**

**Collagen
Remodeling**

This three-phase approach ensures effective skin renewal with minimal disruption to surrounding tissue.

Skin Concerns Fractional Laser Can Treat

Fractional Laser is suitable for treating multiple skin concerns through customized treatment settings tailored to your unique needs.

Scars

Acne, surgical & traumatic scars

Aging Signs

Fine lines, wrinkles & sagging

Pigmentation

Sun damage, melasma & uneven tone

Texture & Pores

Enlarged pores, rough texture & stretch marks

Why Patients Choose Fractional Laser

Fractional Laser offers noticeable skin improvement while preserving healthy tissue for quicker recovery compared to traditional resurfacing procedures.

Smoother Texture

Refines rough, uneven skin surface for a polished feel

Even Skin Tone

Reduces pigmentation and sun damage for a brighter complexion

Reduced Wrinkles

Smooths fine lines for a more youthful appearance

Scar Reduction

Visibly softens acne and surgical scars over time

Firmer Skin

Boosts collagen for improved elasticity and long-term remodeling

Refined Pores

Minimizes enlarged pores for a smoother, more even look

Is Fractional Laser Right for You?

A board-certified dermatologist evaluates your skin condition, medical history, and treatment goals before recommending Fractional Laser therapy.

**Acne Scar
Patients**

**Sun-Damaged or
Pigmented Skin**

**Fine Lines &
Wrinkles**

**Enlarged Pores or
Uneven Texture**

**Anyone Seeking

04	05	
Fractional Laser Treatment	Post-Treatment Care	
30–60 minutes, comfortable and precise	Guided recovery and sun protection plan	

Results & Recovery

What to Expect

Most patients notice gradual improvement as collagen continues to rebuild over the following weeks. Multiple sessions may be recommended for deeper scars or advanced skin concerns.

Softer Acne Scars

Brighter
Complexion

Reduced
Pigmentation

Firmer,
Younger-Looking
Skin

☐ Mild redness and swelling typically subside within a few days, depending on treatment intensity.

Why Choose Aestheva?
